Manufacturer and Vender of the

CELEBRATED

SMITH TONIC SYRUP

FOR THE CURE OF AGUE AND FEVER

The proprietor of this celebrated mediine justly claims for it a superiority over all remedies ever offered to the public for the safe, certain, speedy, and permanent cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to care, if the lirections are strictly followed and carried out. In a great many cases a single, dose has been sufficient for a cure, an whole families have been cured by a sing bottle, with a perfect restoration of general health. It is, however, prud and in every case more certain to cut op its use is continued in smaller doses for week or two after the disease has bee checked, more especially in difficult and long standing cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEG-ETABLE FAMILY PILLS will be sufficient

. Read the following extract of a letter from Mrs. Rivers, wife of Reverend Dr Rivers, one of the most learned, eloquent, and popular Ministers of the Methodist Episcopal Church, and who is at present stationed at Broadway Church, Louisville,

Louisville, Ky., Oct. 8, 1869. Dr. John Bull-Deas Sir: Many thanks to you for the medicine you have so kindly given me. I have been a great sufferer for years, and had the advise of various physicians. Some pronounced my spine, some my lungs, and some my heart to be the seat of my disease. I have been burnt, listered and cupped until I had become isheartened. Several very eminent physicians who examined my spine informed ne that I was threatened with paralysis PRESCRIPTIONS or appoplexy any day, and that nothing but a seton would relieve me. I had a fect horror of that, and was hesitating about having one inserted, when you kindly sent me your Sarsaparilla which I immediately begun to take three times a day. I had suffered terribly with a most COMPETENT DIS- acute pain in the right side of my head, especially when I would read or write PENSER OF MEDI. for any length of time, and on rising to my feet I would be perfectly blind for several minutes, and would have to hold to something to prevent falling. I am most happy to inform you that

pain in my head is entirely relieved: I suffer but seldom with my spine and then not so acutely. My appetite is good; indeed for the first time in my life I enjoy my dinner more than any meal during You kindly sent me four bottles again

last night, and I began again this morning, and I hope to be entirely relieved. Please accept my heartfelt thanks and best wishes. Very truly your most grateful friend,

M. B. C. RIVERS.

My journal abounds with similar le ames they bear. Do not suffer yourself to be imposed on. Don't be drawn away after new and doubtful experiments. Don't risk your health by letting novices experiment upon you

curative qualities. Avoid all those who are trying to palm off on you other extracts of Sarsaparilla so called. Remember it is Dr. John Bull's

Sarsaparilla, of Louisville, Ky., that it is the old and reliable remedy for impurities of the blood and scrofulus affection. Albear that in mind. ST. Louis, April 30. DR. JOHN BULL-Dear Sir: Knowing the efficiency of your Sarsaparilla, and

the healing and beneficial qualities it possesses, I send you the following statement of my case: I was wounded about two years agowas taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than in anything else I wish that that is genuine. Please express me half a dozen bottles and oblige CAPT. C. P. JOHNSON.

P. S.-The following was written April 30th, 1866, by Mrs. Jennie Johnson, mother of Capt. Johnson. Dr. John Bull-Dear Sir: My husband, Dr. C. S. Johnson, was a skillful surgeon and physician in Central New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave your Sarsaparilla. It cured him. I have for ten years recommended it to many in New York, Ohio and Iowa, for scrofula, fever sores, and general debility. Perfect success has attended it. The cures effected in some cases of scrofula and fever sores were almost miraculous. I am very anxious

for my son to again have recourse to your

Sarsaparilla. He is fearful of getting a

spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover. Respectfully, JENNIE JOHNSON
